

Costruire LAPBOOK per imparare in modo dinamico e creativo

Classi 4A e 4B
Scuola Primaria
“Flaminio Pellegrini”
I.C. “B.Lorenzi” di
Fumane

Un lapbook è una mappa concettuale tridimensionale che raccoglie un insieme di contenuti in diversi *minibook* o *template* con informazioni essenziali e specifiche riguardo un argomento.

Le classi quarte della scuola primaria di Fumane, durante il secondo quadrimestre, hanno lavorato alla realizzazione di due lapbook: uno di storia sugli egizi e l'altro di inglese su un argomento di scienze, l'atmosfera.

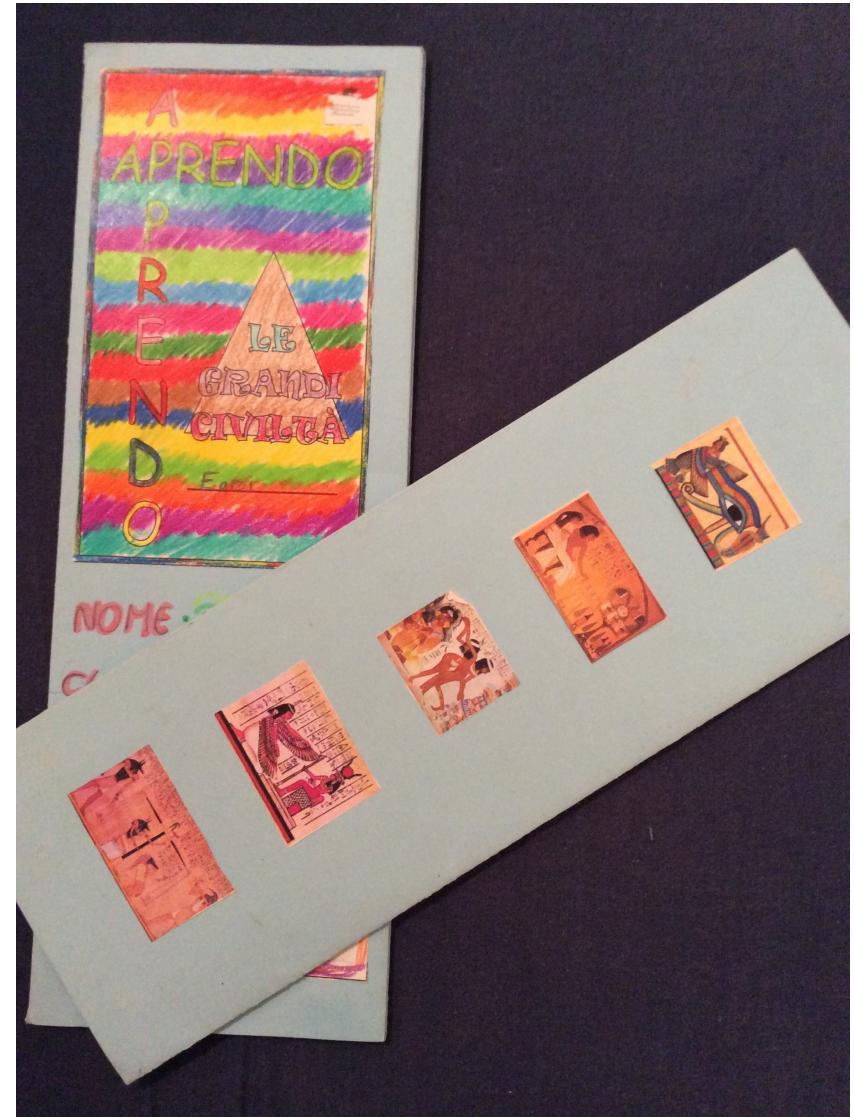

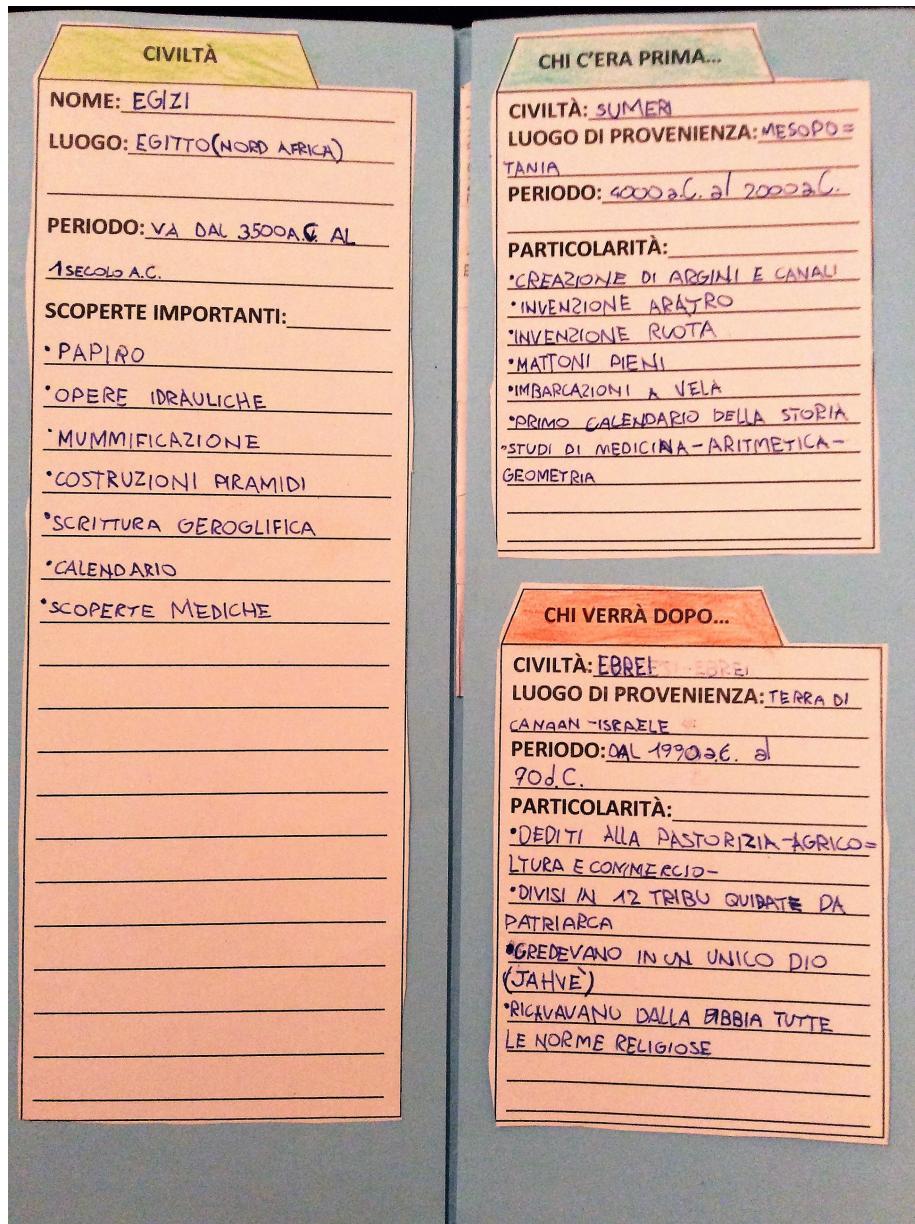

Lapbook è una parola inglese composta dal verbo *lap* che significa “avvolgere, piegare, sovrapporre” e *book*, cioè “libro”.

Il lapbook è una sorta di postazione di lavoro, con tanti cassetti da aprire e chiudere per ritrovare i contenuti.

Lavorare con i lapbook in classe è utile per:

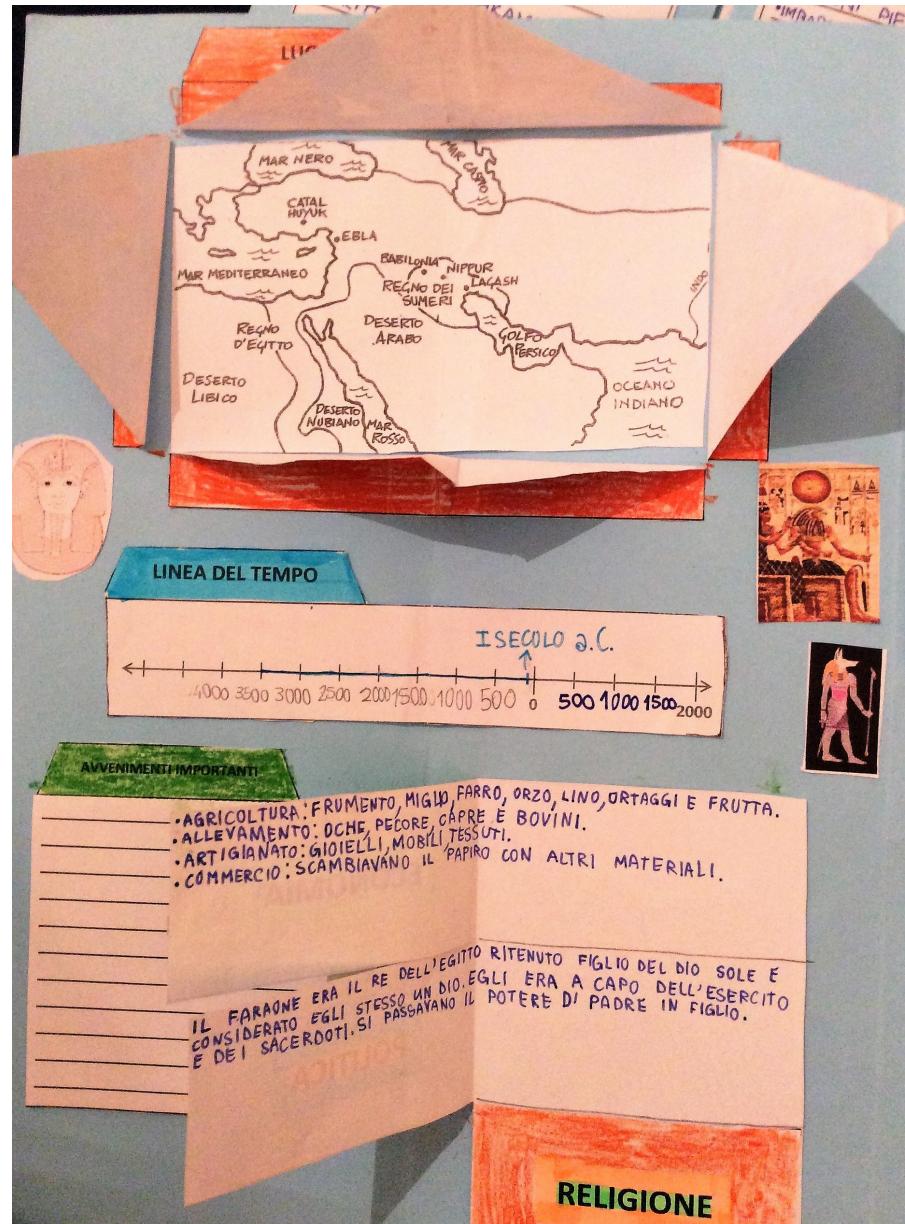

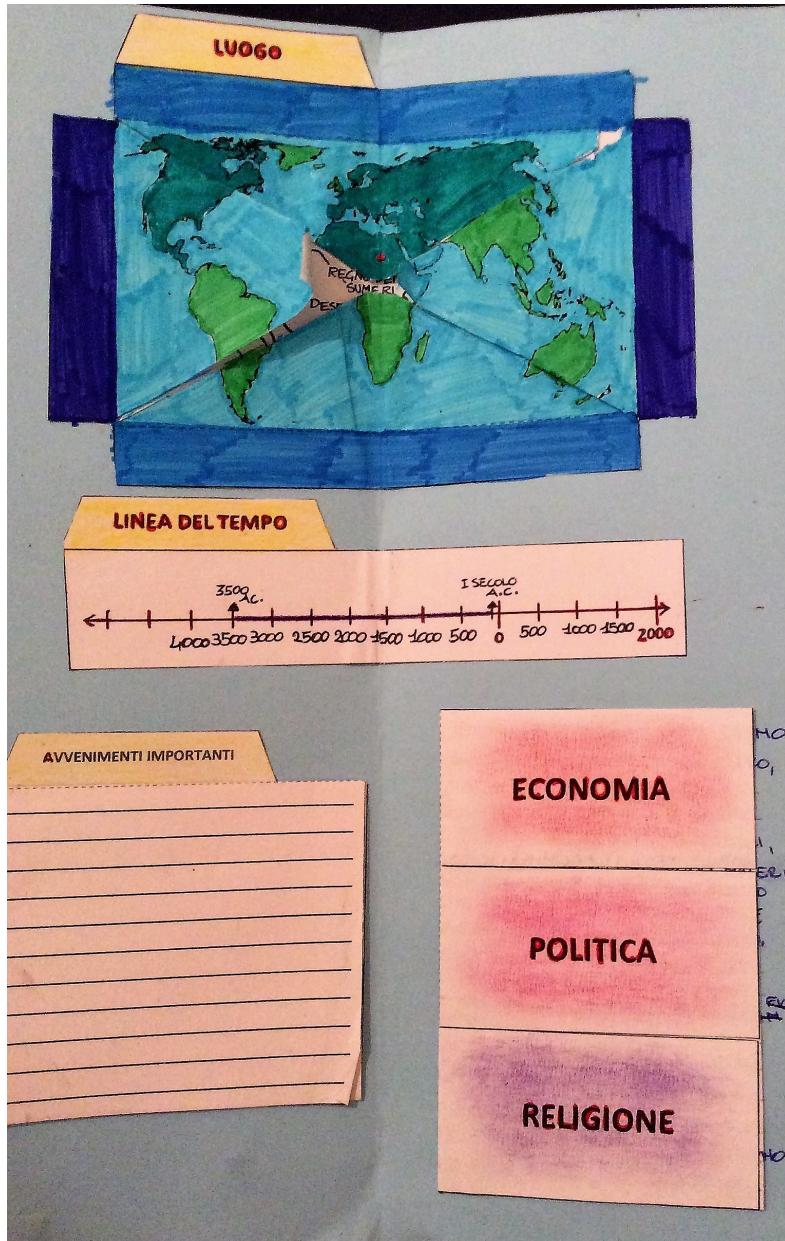

- Motivazione e aspetti emotivo-affettivi
 - Sviluppo delle abilità di studio
 - Cooperazione e inclusione

GLI EGIZI

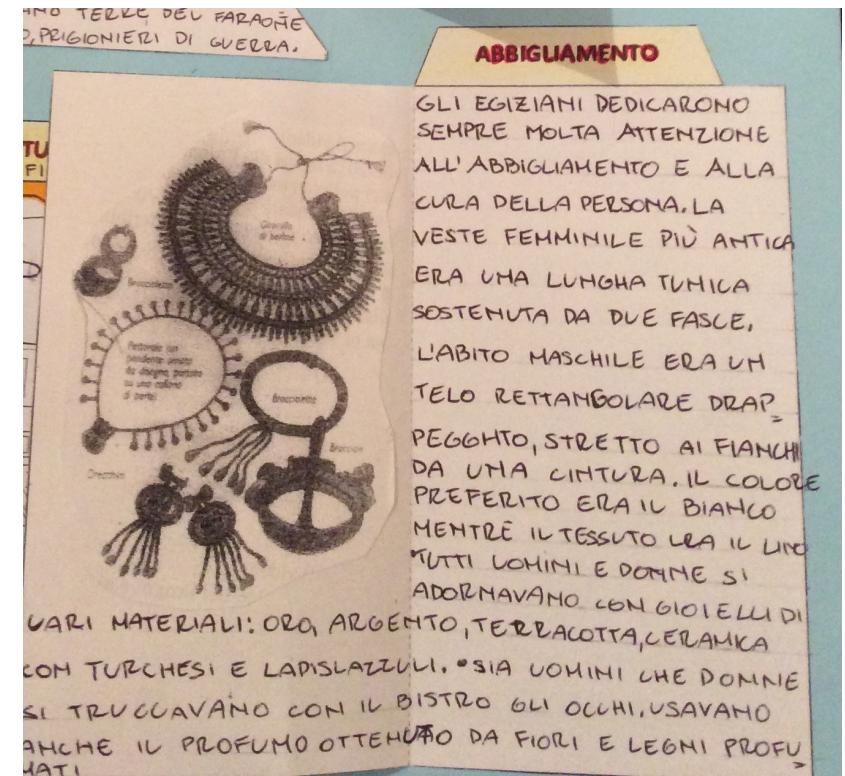

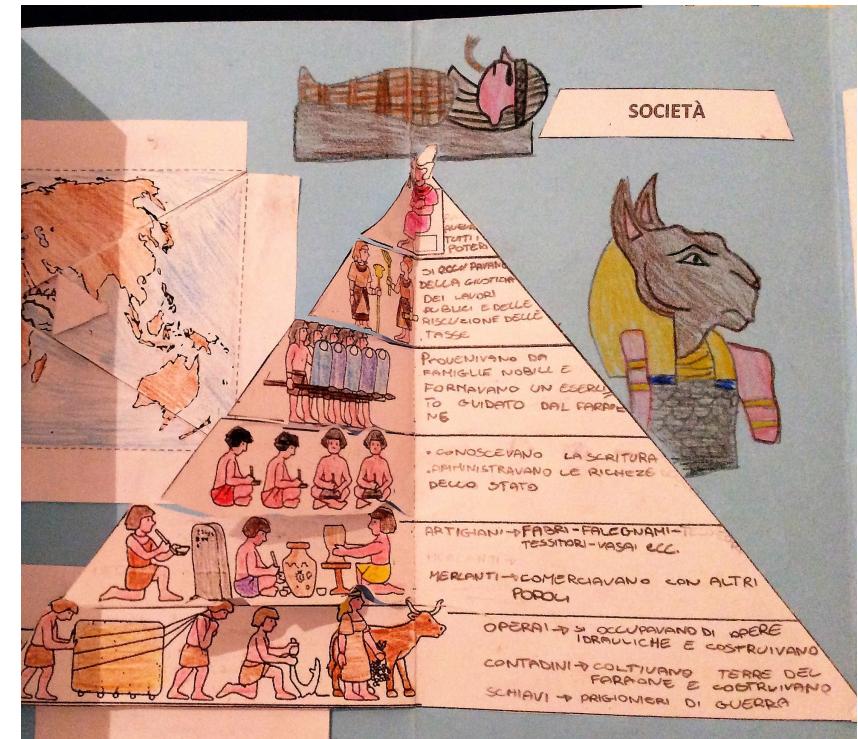

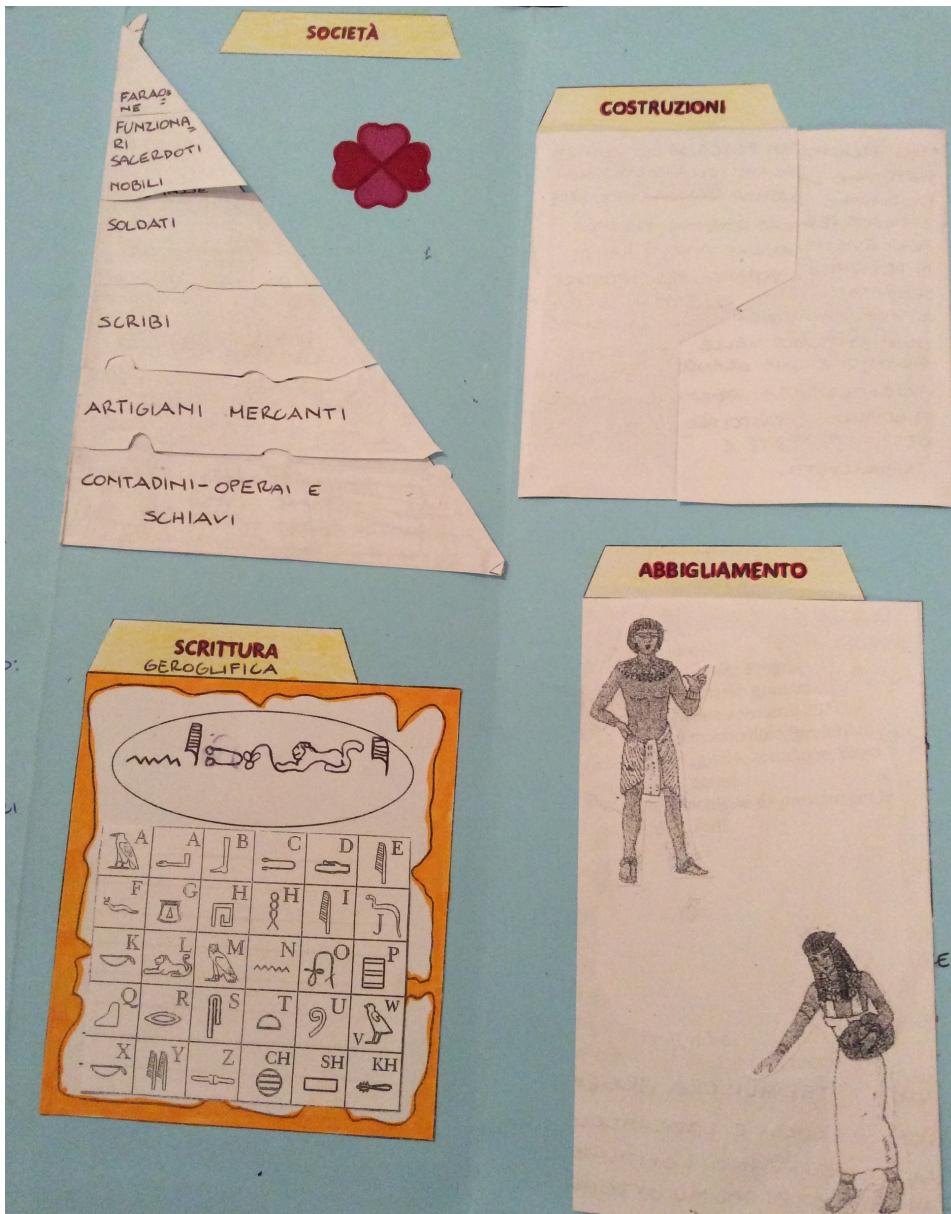

La civiltà e la collocazione temporale

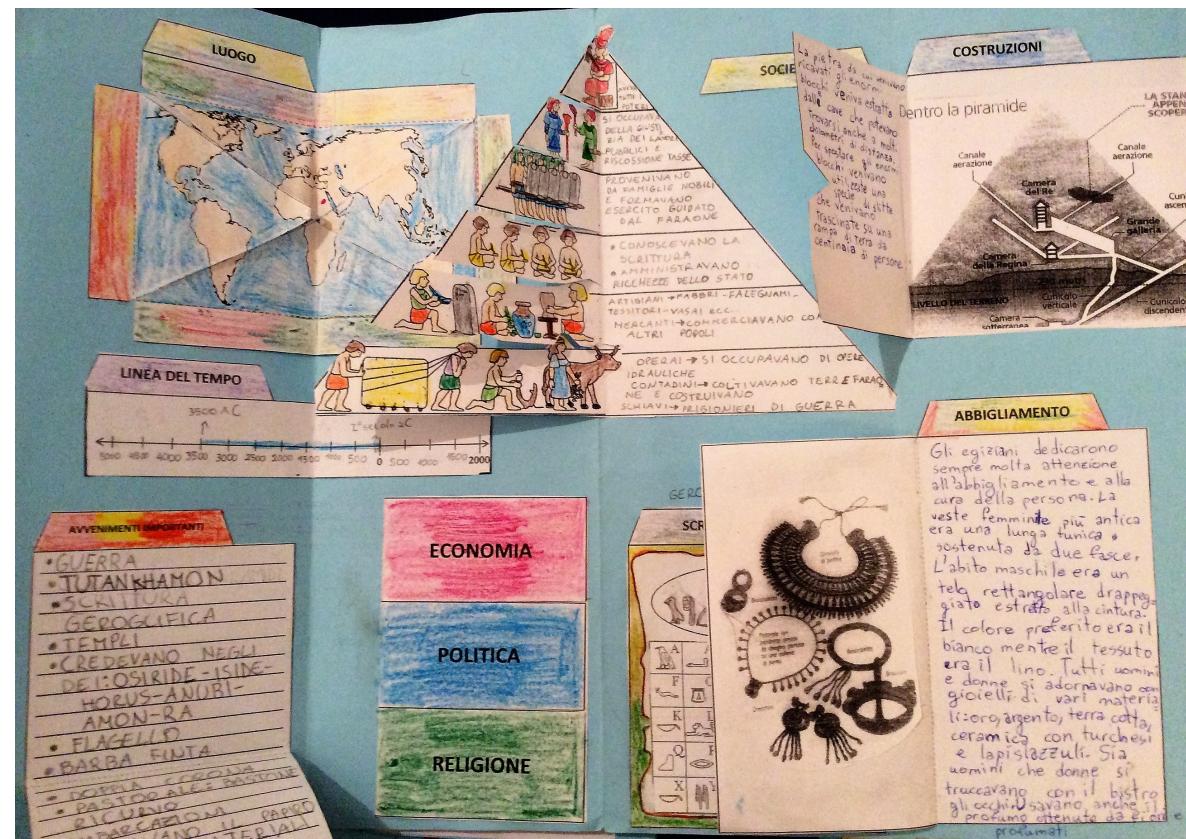

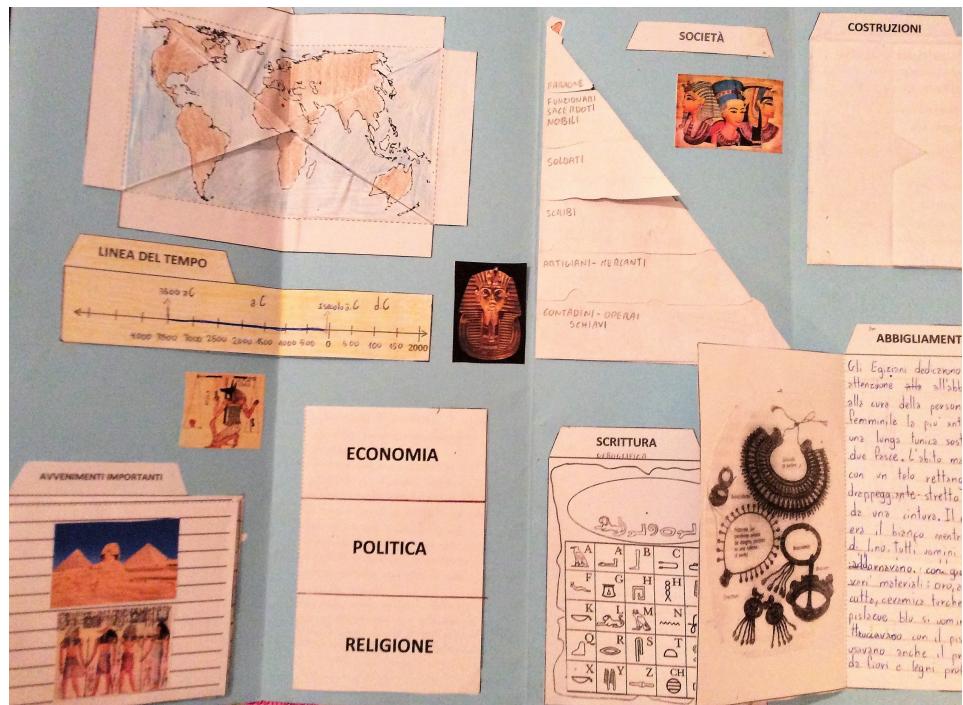

I luoghi, la linea del tempo, l'economia, la politica e la religione

La società, la scrittura e l'abbigliamento
